## **New Activities Welcomed at the Children's Discovery Museum**

**(Saskatoon, SK):** On Saturday, January 15, 2011, the doors opened to several new activities at the Children's Discovery Museum (CDM), courtesy of the Manitoba Children's Museum and other generous Saskatoon groups.

After over a year in operation, it was time for updates to the CDM. "We would like to thank the Manitoba Children's Museum and our many supporters who made it possible to bring these activities to Saskatoon and have them displayed at the museum for children to enjoy," said Board President, Dr. Erica Bird. Partners on the project include T & T Trucking Ltd., Law Enforcement Guardians, Newton Commercial & Residential Painting, Eastside Paint & Wallpaper, Saskatoon Fire Department, and Home Depot – Stonebridge.

"These new activities will provide fresh challenges for children to broaden their imaginations and creativity, and we are very excited to add these to our collection. We're right on track with our goal of expanding our exhibits and eventually relocating into a larger facility in the near future", continued Dr. Bird.

The Manitoba Children's Museum, which is undergoing a multi-million dollar renovation, donated these activities, some of which are too large to accommodate at the CDM's present location at Market Mall and have been loaned out to various community schools.

The Children's Discovery Museum on the Saskatchewan provides a unique venue that brings together children, families, and the community. This interaction develops essential foundational skills, lights a creative spark, and stimulates lifelong learning in children. The museum is located at Market Mall, 2325 Preston Avenue, Saskatoon, SK. [www.museumforkids.sk.ca](http://www.museumforkids.sk.ca).
